**BG ETEM approval for washing and cleaning agents  
in compliance with the Industry Initiative for the Reduction  
of Solvent Emissions in Offset Printing**

We hereby confirm that your products

**Wash IM 660**

**Wash IM 820**

fulfil the requirements of the Industry Initiative for the Reduction of Solvent Emissions in Offset Printing (see also [www.bgetem.de](http://www.bgetem.de); Webcode 15779576).

You are also hereby authorized to use the label of BG ETEM on these products with immediate effect.

Please Note:

This approval applies exclusively to the formulas submitted on **24.11.2015**. Should new findings in the fields of safety or toxicology, or changes to legal requirements lead to a different assessment of the products, we reserve the right to withdraw this approval.

With kind regards  
Fachgebiet Druck und Papierverarbeitung  
Referat Arbeitsprozesse
