

SOLVENTS

UNIVERSAL RIGEN

DESCRIPTION

Universal regenerator for blankets and rollers.

Universal Rigen is indicated even in the presence of dried ink.

MAIN FEATURES:

Universal Rigen restores the rubber porosity and elasticity characteristics to the original state.

Universal Rigen gives to the blankets and rollers optimal properties of ink transfer.

The particular formulation of **Universal Rigen** allows to remove the dirty areas of dry ink residues.

Universal Rigen is a new generation product, with low odor and fast evaporation.

ADVANTAGES / BENEFITS

1. Maintenance in excellent state of rubber and rollers
2. Excellent solvent power
3. Excellent regenerating power
4. Low emission of characteristic odor
5. Safe in use
6. **Reduced environmental impact**

INSTRUCTIONS FOR USE:

Universal Rigen has to be sprayed on a cloth and passed over the interested parts.

In case of strong residues, leave react **Universal Rigen** for a few minutes.
