

## SOLVENTS

## WASH IM 44

### DESCRIPTION

**Water miscible cleaning solvent for rubber blankets and rollers.**

**Wash IM 44** is characterized by a high emulsion capacity and an excellent solvent power.

**Wash IM 44** finds its main application on automatic blanket brush cleaning devices.

**Wash IM 44** is excellent even for manual cleaning.

### MAIN FEATURES:

**Wash IM 44** is an excellent cleaning solvent with medium - fast evaporation rate. **Wash IM 44**, thanks to its particular formulation, has a high ink solvency capacity and an removes efficiently the paper lint during the washing phase.

**Wash IM 44** is particularly indicated for automatic brush cleaning devices.

**Wash IM 44** contains corrosion inhibitors.

### ADVANTAGES / BENEFITS

1. Excellent cleaning on ink .
2. Indicated for brush systems
3. High performances of removing the lint on rollers and blankets
4. Not aggressive on rubbers
5. Good water mixing level
6. **Reduced environmental impact**

### INSTRUCTIONS FOR USE

**Wash IM 44** is used:

- for automatic systems, following the instructions of the press constructors;
- for manual cleaning spraying the product on a cloth and passing it on interested parts until the complete removal of the ink.
- **Wash IM 44** has to be diluted in water up to a maximum dilution of 50%.
