

## SOLVENTS

## WASH IM 45

### DESCRIPTION

**Water miscible cleaning solvent for rubber blankets and rollers.**

**Wash IM 45** is characterized by a high emulsion capacity and an excellent solvent power.

**Wash IM 45** finds its main application on automatic blanket brush cleaning devices.

**Wash IM 45** is excellent even for manual cleaning.

### MAIN FEATURES:

**Wash IM 45** is an excellent cleaning solvent with medium - fast evaporation rate.

**Wash IM 45**, thanks to its particular formulation, has a high ink solvency capacity and an removes efficiently the paper lint during the washing phase.

**Wash IM 45** contains corrosion inhibitors.

### ADVANTAGES / BENEFITS

1. Excellent detergent capability for ink residues.
2. Indicated for brush systems
3. High performances of removing the lint on rollers and blankets
4. Not aggressive on the rubber
5. Good emulsion with water
6. **Reduced environmental impact**

### INSTRUCTIONS FOR USE:

**Wash IM 45** is used:

- for automatic systems, following the instructions of the press manufacturers;
- for manual cleaning spraying the product on a cloth and passing it on the interested parts until the complete removal of the ink.

**Wash IM 45** has to be diluted in water up to a maximum concentration of 50%.
