

DESCRIPTION

Water miscible cleaning solvent for rubber blankets and rollers.

Wash IM 660 Plus is particularly indicated for medium and big size sheet-fed machines equipped with automatic blanket cloth cleaning devices.

Wash IM 660 Plus is ISEGA Approved.

MAIN FEATURES

Wash IM 660 Plus is a cleaning solvent with medium – slow evaporation rate, with excellent ink solvency capacity.

Wash IM 660 Plus cleans deeply all the surfaces without damaging the rubber of rollers and blankets.

Wash IM 660 Plus is formulated with very pure raw materials that allow a high emulsion capacity with water.

Wash IM 660 Plus contains corrosion inhibitors.

ADVANTAGES BENEFITS

1. excellent capacity to remove the ink
2. drastic reduction of the start-up times after the cleaning
3. significant reduction of washing time with less waste
4. reduction of operating costs
5. elevate rate of water solubility
6. not aggressive on the rubbers
7. reduced environmental impact

INSTRUCTION FOR USE

Wash IM 660 Plus is used:

- for automatic systems, following the instructions of the press manufacturers;
- for manual cleaning spraying the product on a cloth and passing it on interested parts.

Wash IM 660 Plus has to be diluted in water up to a maximum dilution of 50%.
