

## CLEANING SOLVENTS

## WASH IM 820

### DESCRIPTION

**Wash IM 820** is a water miscible cleaning solvent for rubber blankets and rollers.

**Wash IM 820** is particularly indicated for commercial web presses with automatic blanket cleaning devices. **Wash IM 820** is approved by BALDWIN / OXY-DRY and by ELETTRA.

**Wash IM 820** is Wifag approved

### MAIN FEATURES

**Wash IM 820** is a vegetal based cleaning solvent with low evaporation rate.

**Wash IM 820** has an excellent ink solvency capacity and guarantees perfect cleaning of all surfaces of rollers and blankets, without damaging the rubbers.

**Wash IM 820** has high water miscibility that allows, where required, a dilution with water up to 50%.

### ADVANTAGES BENEFITS

1. V.O.C. free.
2. reduced use quantity
3. efficient even on strong residues
4. significant reduction of washing time and of waste
5. reduction of operating costs
6. easily soluble with water
7. reduced environmental impact

### INSTRUCTION FOR USE

**Wash IM 820** has to be used:

- for automatic systems, following the instructions of the cleaning system manufacturers;
- for manual cleaning: spray the product on a cloth and pass it on interested parts.

**Wash IM 820** is diluted in water up to maximum 50%.
